DETAILED ACTION

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-13 and 15-22 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 1 lacks clarity since the additional stud is set forth as being electrically isolated from the patient side. Although physically isolated from the patient side, this stud is electrically connected to the patient side via the jumper. Therefore the recital appears to be inaccurate. Similarly in claim 18, the broad recital of isolating the stud is vague because the stud is electrically connected by the jumper.

Allowable Subject Matter

Claims 1-13 and 15-22 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Lee S. Cohen whose telephone number is 571-272-4763.
